Distant learning

A set course arranged to focus on vocabulary, grammar and practice speaking with others.

We personalize your lesson plans and focus on your needs. Lessons can be fast or slow paced. Get more out of the lesson.

Helping students to improve their business Japanese so that they can conduct formal communication in and out of the office. Practice writing, presentations and interviews in various business settings.
Private lessons only*

For those who travel often, distant learning becomes key in modern education therefore we implemented online lessons using Zoom platform.
